PRIMUS · Finance fund card (F01–F50)

You are an investment fund with $500,000. At 04:45 you receive $250,000 more. **Score = your return on all the money you were given.** Tie-break: a smaller largest single position. You may never trade your own squad's company.

When	Do	Rule
22:00–22:30	**Read the PRDs, ask questions**	The pitch book and the Q&A board.
22:30–22:45	**IPO bids**	Up to 4,000 shares per company, at its IPO price.
22:45–06:30	**Trade** in each trading round	BUY, SELL, SHORT or COVER. Every order fills at the round's new price. Long cap 4,000 shares; short cap 2,000; shorts lock 150% collateral.
each crisis	**Read the cards**	Every price falls 5% at the reveal; each company's plan score then moves its price. The last round of a crisis waits for those scores.
04:45	**Fresh capital**	+50% of your starting money. Watch the draft: companies on a crowded statement share the price rise.
06:30	Market closes	Every short is covered at the closing price.
07:10	Awards	

Tips

- The Market page shows the **sector race**: which sector's companies are rising since the IPO.
- Who hired which firm, and for how much, is public in the crisis room.
- Spread your bets: your largest single position decides a tie.
